WORK EXPERIENCE

National Center for Mental Health   JUL 2023 - PRESENT
MID-LEVEL FULL-STACK DEVELOPER
- Developed a comprehensive inventory management system for a pharmacy to streamline drug tracking, stock levels, and reorder processes. The system integrates with real-time database updates, enhancing operational efficiency and minimizing stockouts.
- The system also caters an integrated connection towards Material Management System. Where it stores the data, allowing both the system to communicate with the use of API.

ENTRY LEVEL FULL-STACK DEVELOPER   OCT 2022 - JUN 2023
- Developed and implemented a Material Management System (MMS) for the hospital to streamline inventory tracking, procurement, and material usage processes. Collaborated with the logistics and supply chain team to improve inventory tracking and material procurement.
- Assisted in creating a secure Hospital Information System, focusing on data management, regulatory compliance, and user-friendly features for medical staff.

Freelance   2018 - 2022
GRAPHIC DESIGNER
- Designed and produced publication materials (e.g., brochures, flyers, posters, and digital assets) for clients using Adobe Photoshop and InDesign, ensuring high-quality visuals aligned with brand guidelines and project objectives.
